TYPICAL

API Gravity	D-1298	25.6
Specific Gravity @ 60°F	D-1298	.9007
Density @ 60°F - LBS/US Gal	D-1298	7.500
Viscosity @ 100°C cSt	D-445	30.0
Color		Clear Amber
Flash Point COC °C/F	D-92	440°
Odor		Characteristic Petroleum Plus sulphur additive
AGMA Designation		7EP
Timken OK Load, LBS		70

Exceeds All GL Classifications

Lucas 85/140 Plus Gear Oil is a technical blend of oils and additives designed to give longer oil life and longer component life with less power draw. It is formulated with special anti-wear agents and anti-seize agents not found in common gear oils. Lucas 85/140 Plus Gear Oil contains special lubricity agents for less wear, less heat, less power usage and longer bearing life.

Lucas 85/140 Plus Gear Oil is ideal for older gear boxes. This formula slows or stops all oil leaks and cushions gears to reduce lash in worn gear sets. It is formulated with special "climbing additives." This action is especially important in power dividers and hypoid gears. Lucas 85/140 Plus Gear Oil resists breakdown from contact with water. It will blend with other gear oils, even synthetics.
